

Mastering Project Execution Through Planning

■ **Paint a picture**

- ❖ Who we are today
- ❖ What we deliver
- ❖ What is our vision
- ❖ State of Play through Planning Lens
- ❖ Future state of play

Our purpose is to...
Deliver a more sustainable World

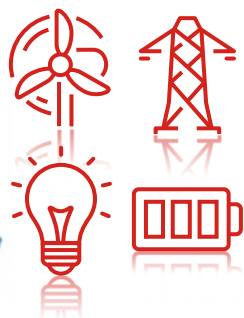

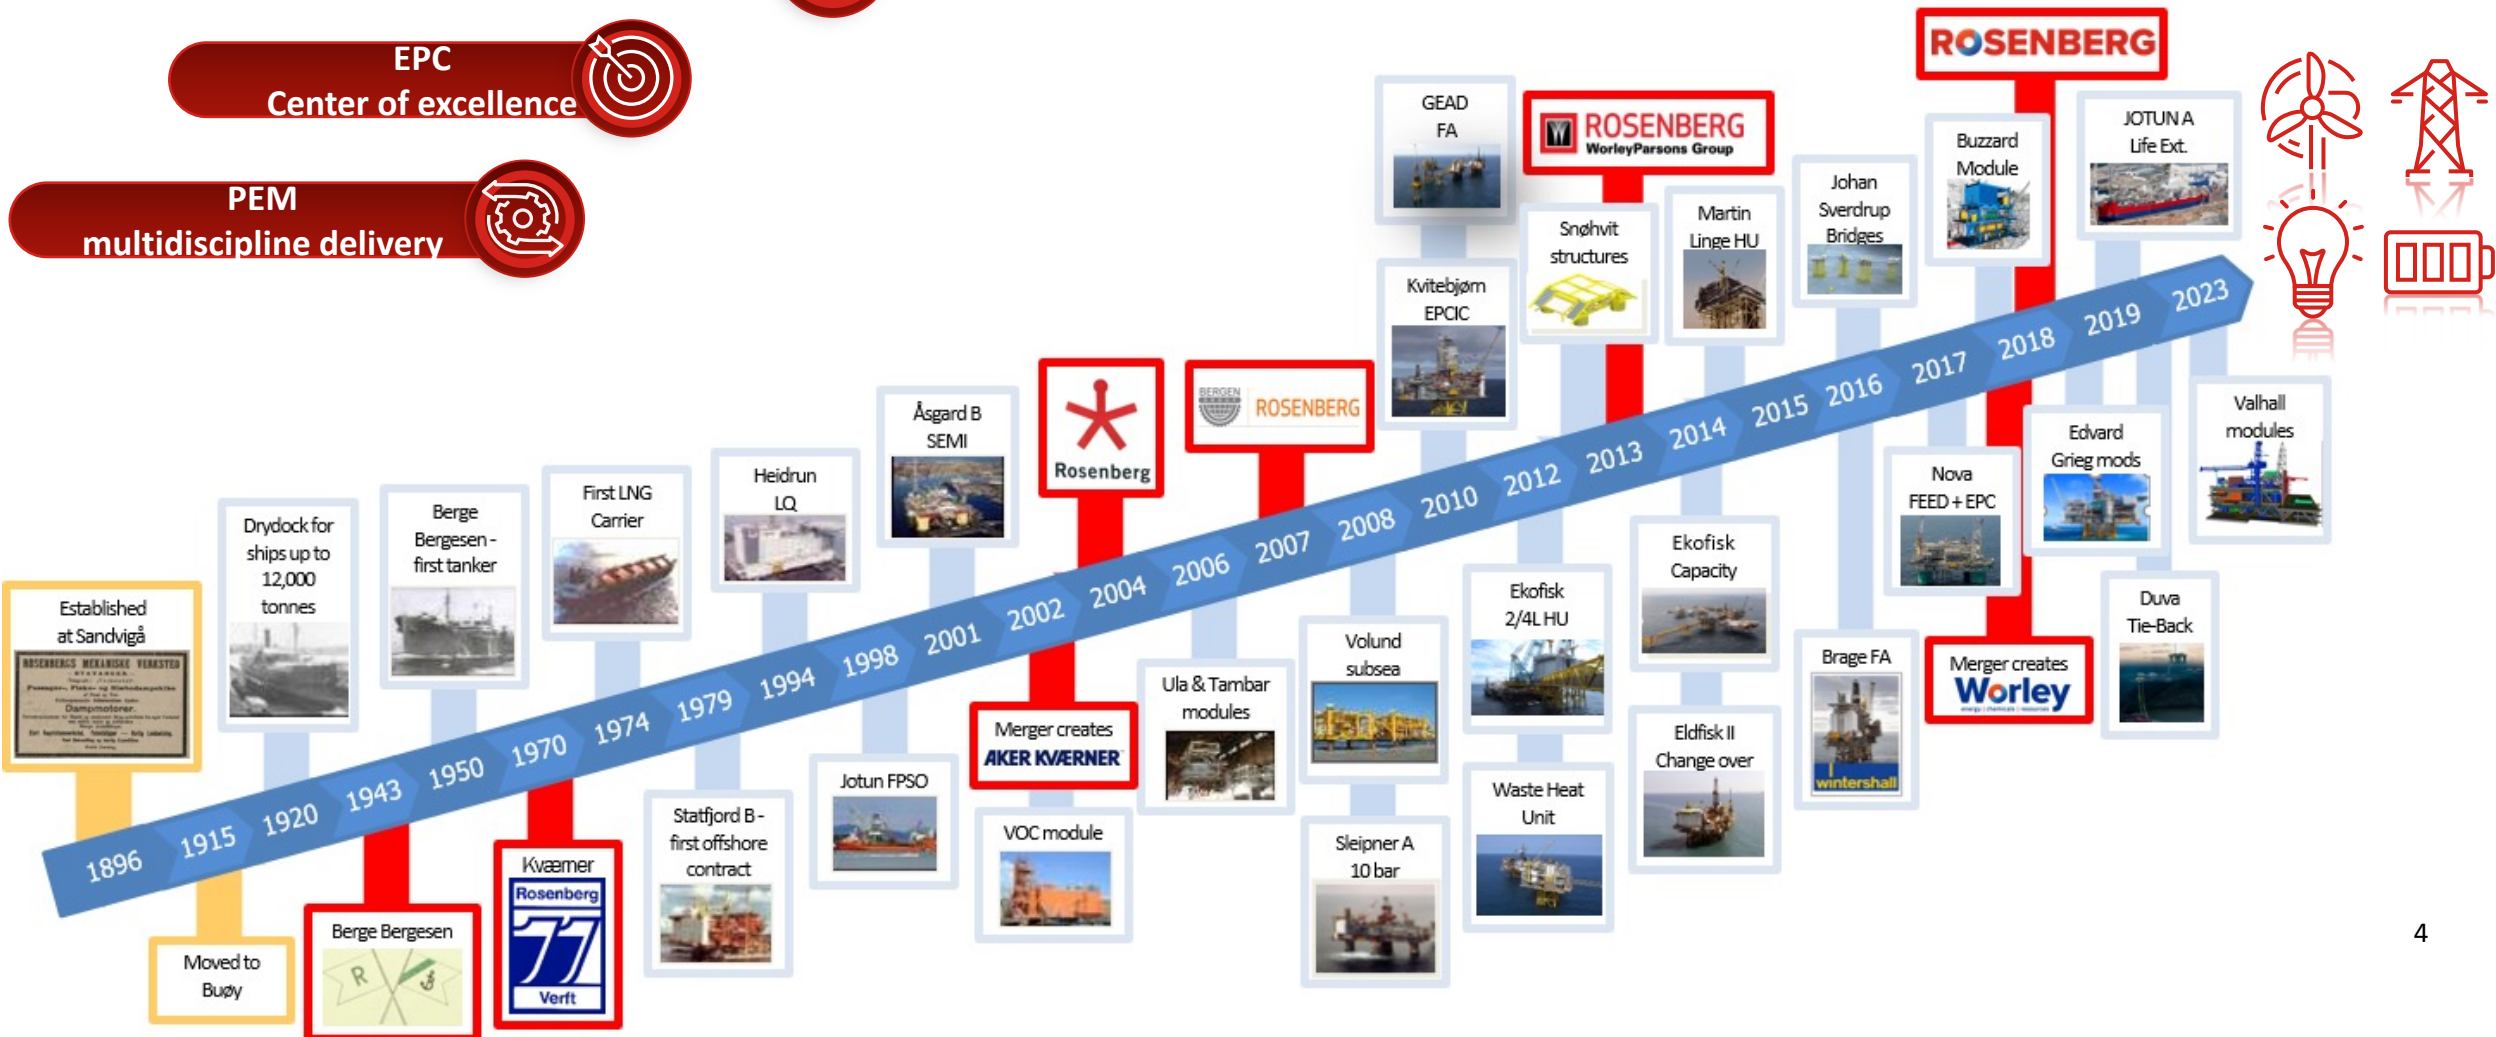

Our ID

> 5000

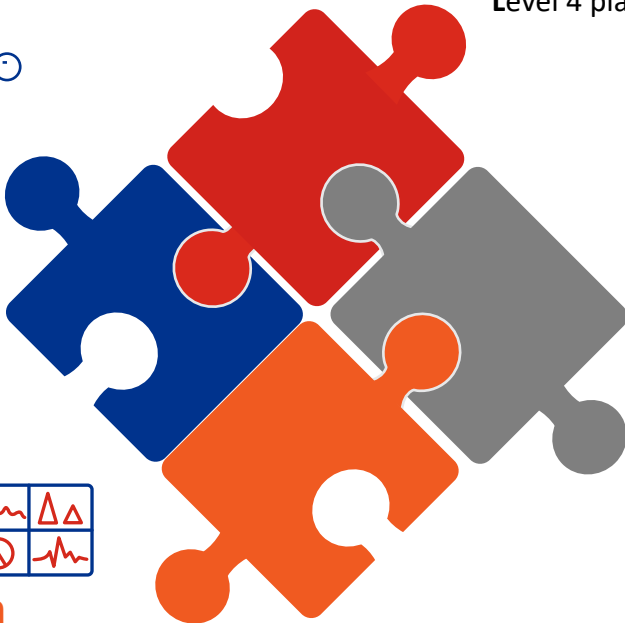

EPC
Center of excellence

PEM
multidiscipline delivery

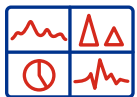

Our DNA

Estimation and norms

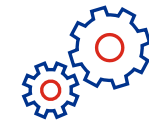

Digital twin

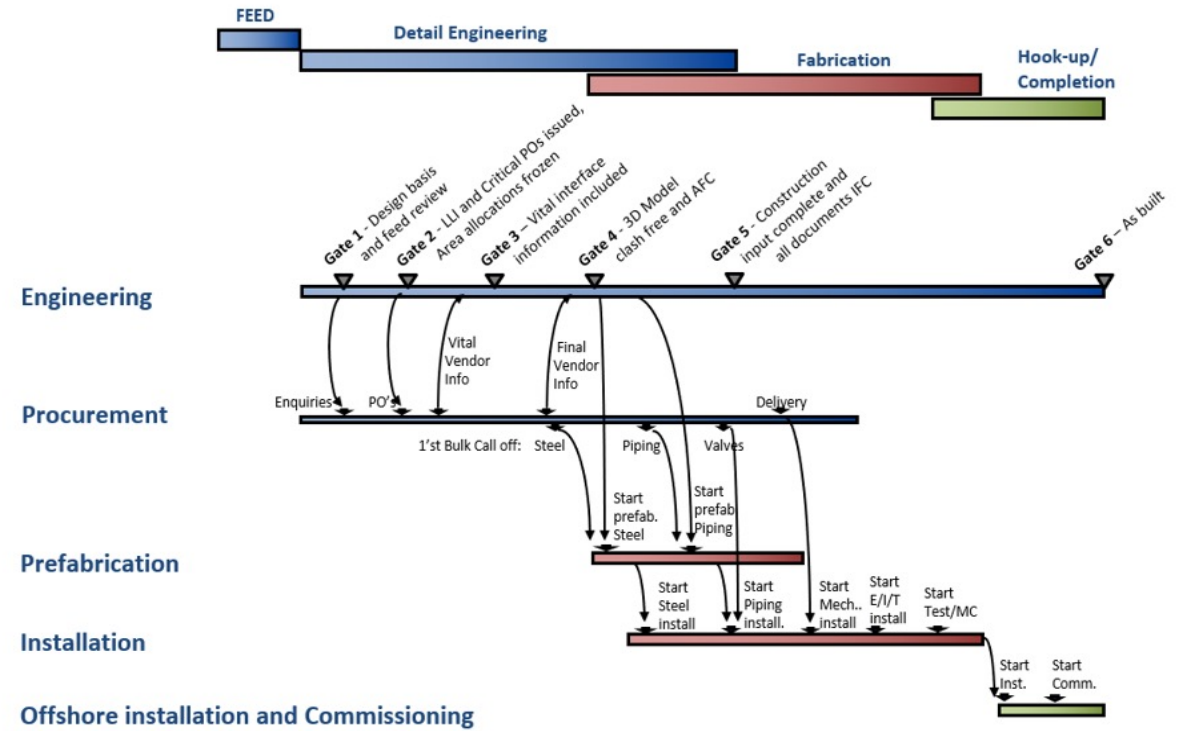

Data visualisation
4D planning

Safran
Level 4 planning

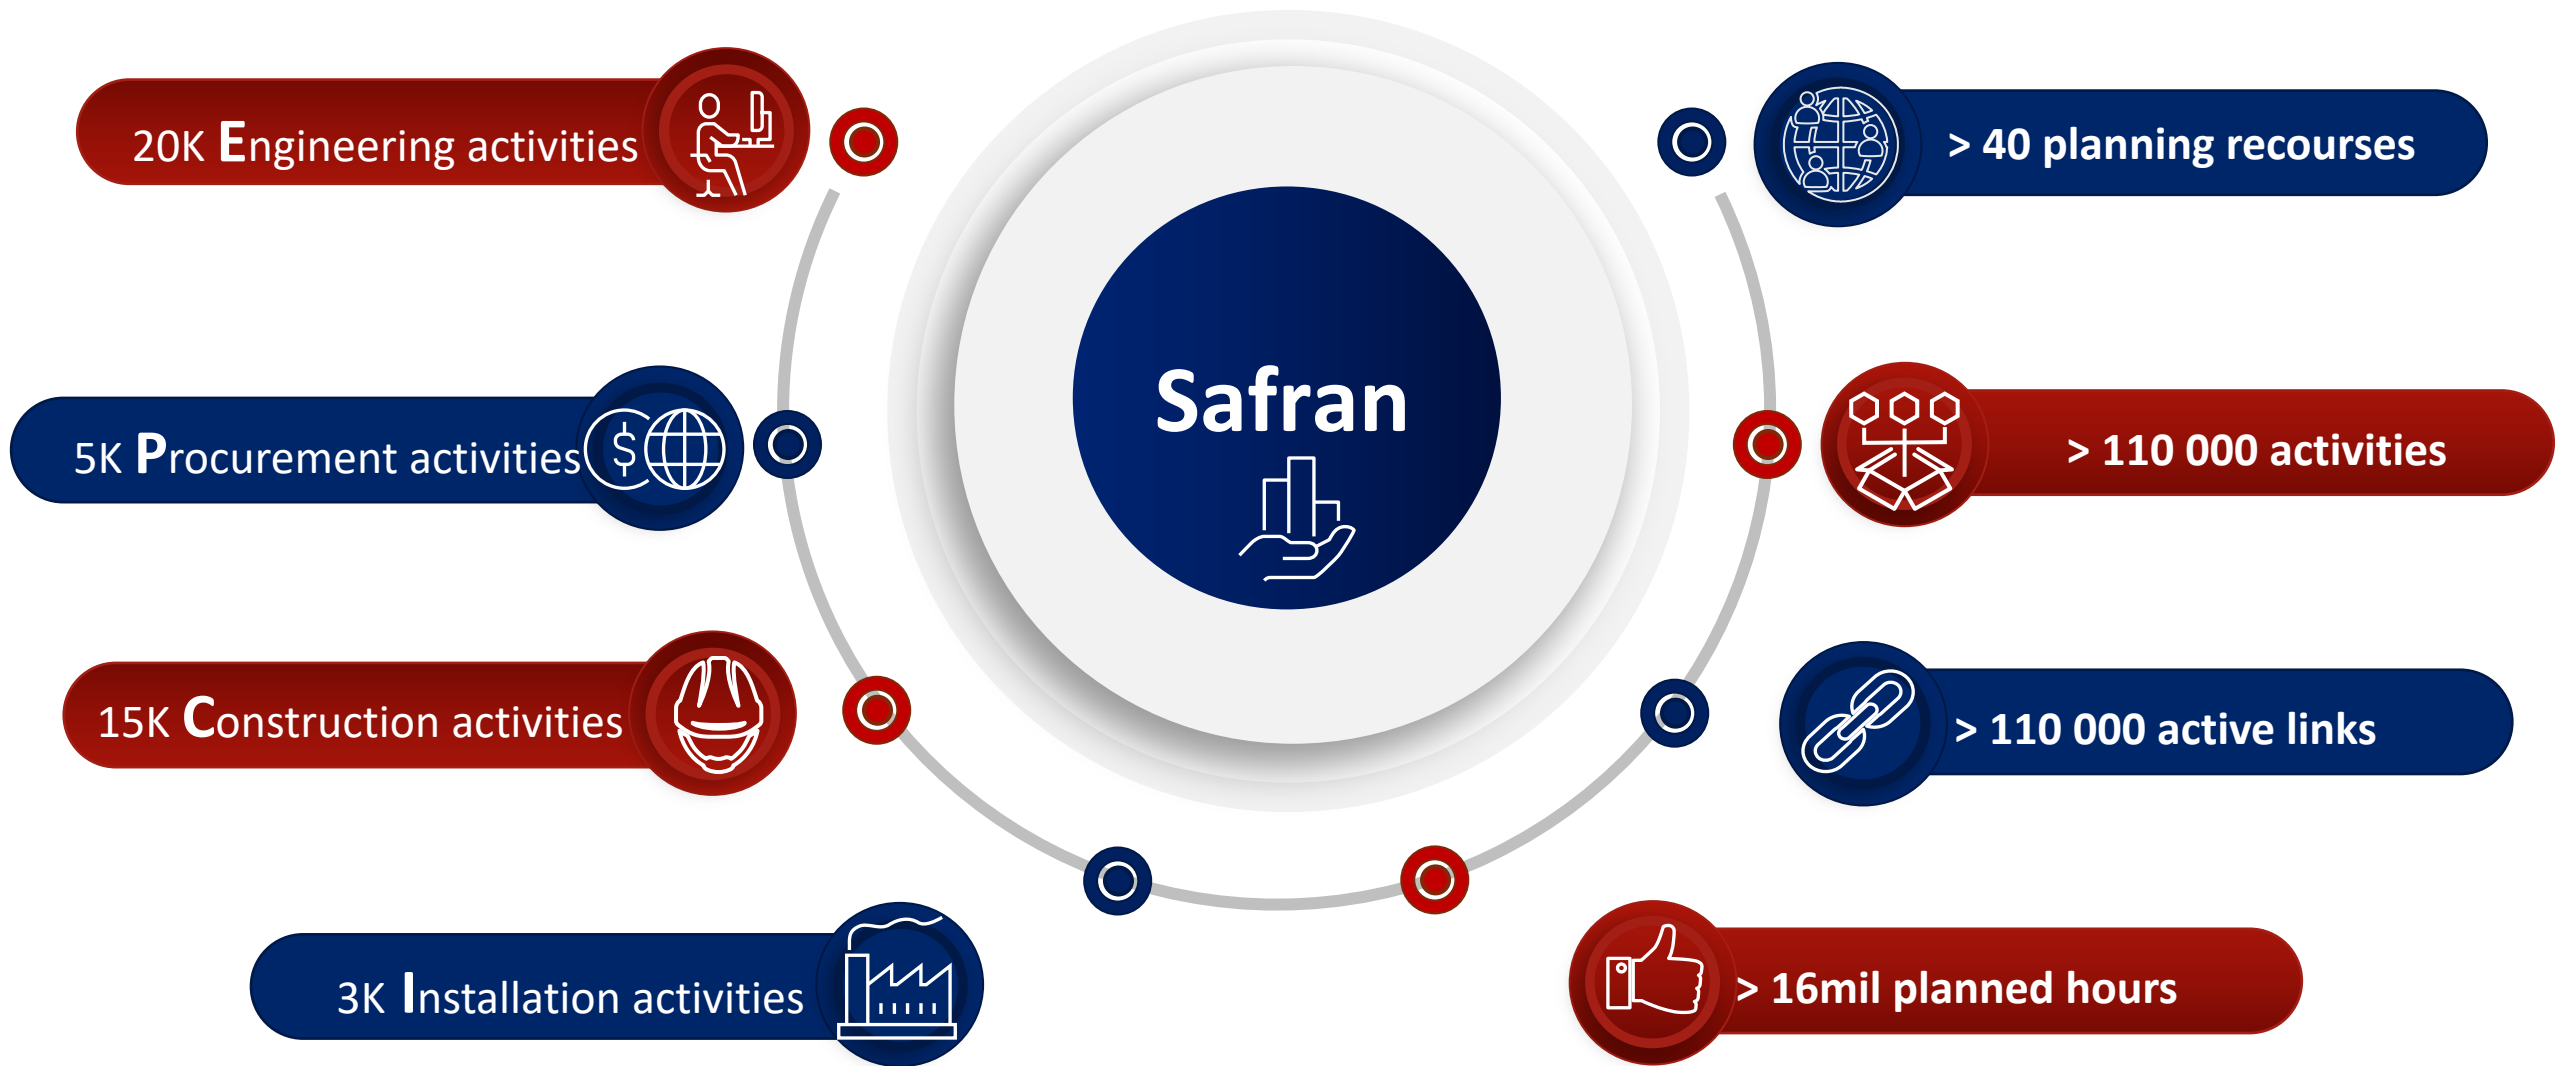

ERP system
Level 5 planning
Progress Reporting

- Project Execution Model
- Integrated with Worley
- SSOT excellence and data centric delivery

State of Play through planning lens

20K Engineering activities

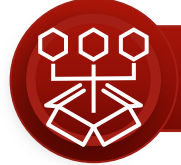

> 40 planning recourses

5K Procurement activities

> 110 000 activities

15K Construction activities

> 110 000 active links

3K Installation activities

> 16mil planned hours

Future state of play

4D planning

- Improved understanding of the delivery plan
- Construction sequencing visualization
- Risk Reduction
- Stakeholder collaboration
