

# Introducing Safran Risk Manager 23.1

Mark Turner

Product Development Lead

# Safran Risk Manager 23.1

---

What is Safran Risk Manager?

What is new in Version 23.1?

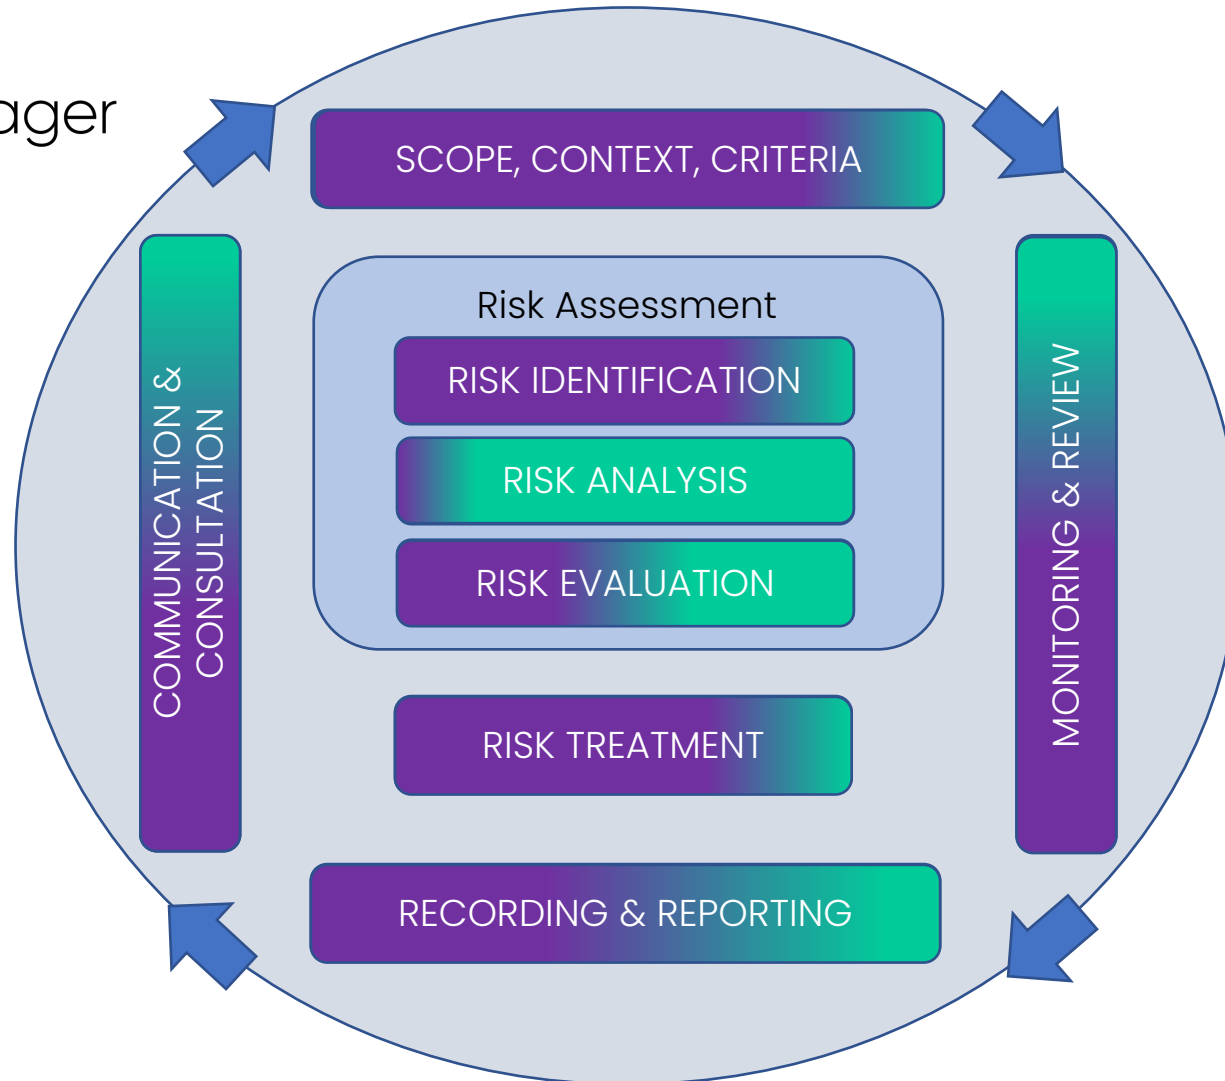

What is coming next?

# Risk Management: A Journey

Safran Risk Manager

- Every risk owner
- Every project leader
- Every day

Safran Risk

- Risk professionals
- Each reporting period

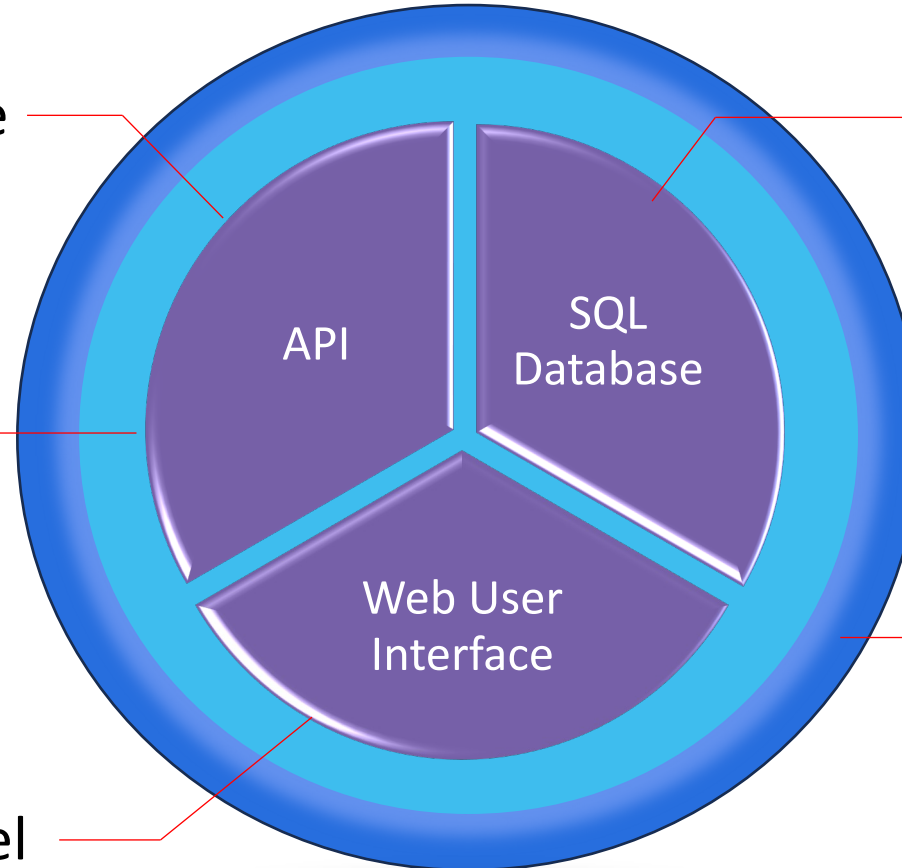

# Safran Risk Manager Composition

- Interoperable

- Secure
- Responsive

 Microsoft Azure

- Ease of use
- Modern look & feel
- Mobile first design

- Onboarding:
  - Support to on-prem installation
  - Comprehensive training
  - Support to data migration
  - Long term customer support

What's New?

TOO MUCH FOR 20  
MINUTES!

# What's New – Highlights

---

- **User Experience**
  - Project Tabs
  - Risk Register Views
  - Multi-project Risk Register
  - Localisation (Language, Format, Individual words)
- **Auditable Trail**
- **Project Clone**
- **Administration**
  - Absolute Score
  - Delete Unwanted Customisations

# User Experience: Tabs

The screenshot displays the Safran Risk Manager interface. At the top, the header shows 'Safran Risk Manager' and 'BS0: Blue Sky Programme Group'. Below the header, there are several tabs: 'Risk Register', '+ New Risk', 'Industrial Action - 1139', and 'Substandard suboptimal system or subsyst... - 1138'. The active tab is 'Risk Register (28)'. The interface includes a search bar, 'View' dropdown, 'Update Risks', and 'Export to Excel' buttons. The main content area shows a table of risks with columns for 'Proj', 'Pre Score', and 'Post Score'. A table of risk impacts is also visible on the right side.

Proj	Pre Score	Post Score
BS0 Prog	20	20
BS0 Prog	20	20
BS0: Blue Sky Programme Group	15	6

- Common Across All Windows

# Risk Register: Views

View configuration dialog box. The dialog has a title bar with a red pin icon and the text "-- View -->". Below the title bar is a search bar labeled "Search Here". A list of fields is shown with checkboxes and grid icons:

- Project
- Title
- ID
- Risk ID
- Alternative ID

Below the list is a text input field labeled "View Name". At the bottom are two buttons: "Save" (with a floppy disk icon) and "Cancel" (with a red X icon).

Type	Event
T	There is a
T	Delays du

View configuration dialog box showing a list of views:

- Bowtie
- Priority Order
- Review Data

Each view has a blue pin icon on the left and a trash and edit icon on the right. At the bottom is a button labeled "Default View" with a grid icon.
