Safran

Short Summary

- Maintenance and bug fixes
- Improved Temp file handling
- API Enhancements
- Azure Support

- Earned Schedule Metrics in Schedule Health
- Cost Metrics in Shcedule health
- Enable/disable Links
- Feature enhancements
- Extended no of User fields
- API Enhancements to support database changes, DRU data, etc.
- DRU enhancements
- Favorites tab
- Intelligent drop downs

- Revised Plan
- Continuing API Enhancements
- Adding new tools developed for the new platform
- Usability and ease of use
- SWA Overhaul
- New Calendar Feature
- Enhancing user definitions

Safran

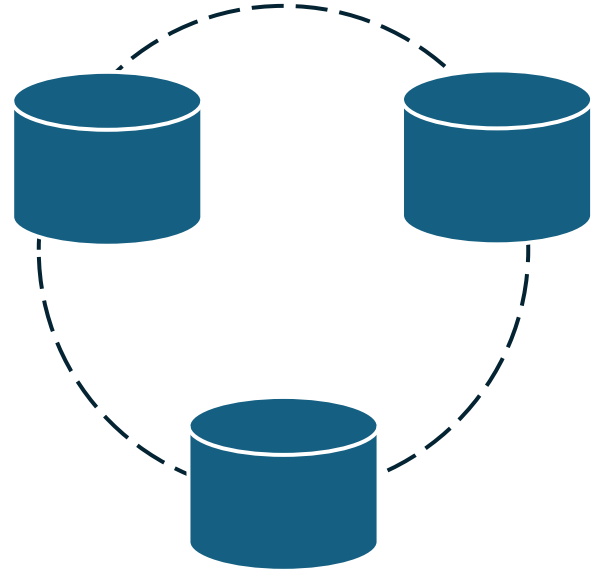
Done

Next

Next + 1

Project(s) and storage

- Project versioning or Branching
- Move, Send, Fetch capabilities
- Cold storage
- Allow us to develop reporting and analytics across “storages”



Safran
